Works Clever Scheme to Secure Money to Take Excursion Trip.

A colored woman called at the residence of Mrs. Hagby on South Third street late Saturday night and told Mrs. Hagby that her cook had sent for some money to take the children to school, and that a few dollars would be necessary to give it a decent burial.

Of course, Mrs. Hagby readily furnished the money as her cook is one of the best in town and can always be depended upon.

The visitor described in vivid language just how the child died and the grief the sudden death had brought to the mother.

Mrs. Hagby greatly worried about getting money to do the work on Sunday and Monday. After making two or three attempts to secure assistance she had about reached the conclusion that she would be compelled to do her own cooking for a meal or two. But to the surprise of all the cook arrived on a splendid time Sunday morning when she was questioned about the death of the child she was dumfounded and declared all the family to be in the most robust health. It proved that the impostor desired to take in the excursion to Cincinnati yesterday and had hit upon the aforesaid plan of securing the wherewithal.

Twenty Year Battle.

"I was a lost in a twenty year battle with chronic piles and malignant sores, until I tried Buckle's Arnica Salve; which cured the trouble, by curing both, but did not trace the malignant, writes Buckle's Arnica Salve, Va. Best for all Ulcers, Cuts, Burns and Wounds. 25c at Severs Drug Co., Cloverport.

Dance for Miss Miller.

Mr. and Mrs. John T. Griffin and Dr. and Mrs. Samuel S. Watkins entertained at the National club house on Tuesday evening with a dance in honor of Miss Virginia Griffith Miller of Asheville, N. C. More than 100 guests were present and the dance proved to be one of the largest and most enjoyable of the present season. Those in the receiving line were Mr. and Mrs. J. T. Griffin, Dr. and Mrs. S. S. Watkins, Mrs. Charles Todd Carter, Dr. D. M. Griffith, Miss Virginia Griffith Miller, Mr. William Weaver, Miss Sue Roberts Watkins, Mr. Keith McCallister, Little Miss Virginia, David Griffith and Anna May Frost presided over the punch bowl.

A word of truth in a few words. "Now, all other cough cures are constituting, especially those containing opium. Kennedy's Laxative Honey and Tar moves the bowels. Contains no opiates. You can get it at all drug stores."

BUCKET OF BEER.

Resulted in killing at Hawesville on Monday Night Last.

Hawesville, Ky., Aug. 7.—A result of a fight here last night between John Boyle and Jim Wash, two negroes, the latter lies at his home dead with a knife wound just above his heart and a long gash under his collar bone. The fight came about over the division of a bucket of beer which the two had bought. Words were indulged in before the fight. Wash fell but did not die until a few hours after. Immediately after the difficulty Boyle went to the marshal and gave himself up. The fight occurred between 6 and 6:30 o'clock. The dead negro had been a prominent bad character around here, and Boyle has always been considered a peaceable negro. The examining trial is set for this afternoon.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and died, and with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overworked. Attend to the kidneys at once by using Foley's Kidney Cure.

\$25,000 FOR FAIR PRIZES.

The \$15,000 Appropriated By State Has Been Largely Supplemented.

Copies of the prize list for the Kentucky State Fair have been mailed by Secretary J. B. Bowles to exhibitors throughout Kentucky and all parts of the country. The prize list will give in detail the classes and the amount of money set aside for each.

Prize money amounting to over \$25,000 has been offered, the \$15,000 appropriated by the State having been largely supplemented. The money has been divided as follows: Horses, \$5,000; jacks, \$400; cattle, \$5,000; hogs, \$1,500; sheep, \$1,500; poultry, \$800; tobacco, vegetables, field seeds, horticulture, etc., \$2,500; woman's department, \$800; racing, \$8,500. In addition, Hubert Vreeland, commissioner of agriculture, has arranged to have \$500 appropriated by the State for prizes in the horticultural department.

In making up the prize list Kentucky breeders and exhibitors have been especially considered, and in addition to the open classes there will be a large number of classes exclusively for Kentucky breeders. This was done because of the fact that the fair is principally given for the entertainment of the live stock and agricultural interests of the State.

The End of The World.

Of troubles that robbed E. H. Wolfe, of their Grove, Ia., of all usefulness, came when he began taking Electric Bitter. He writes: "Two years ago kidney trouble caused me great suffering, which would never have survived had not taken Electric Bitter. They also cured me of General Debility. Sure cure for all stomach, Liver and Kidney complaints, blood diseases, Rheumatism, Diabetes and Venereal or other diseases. Price 50c. Guaranteed by Severs Drug Co."

KANSAS WHEAT CROP VERRY LARGE.

The Crop, It Is Thought, Will Aggregate About Ninety Million Bushels or More Possibly.

Kansas City, Mo., Aug. 7.—The wheat crop of Kansas has turned out far beyond the expectations of anyone who attempted prior to the harvest to make an estimate of the present crop. The estimate of the present crop is to July 1 the general expectation was that the yield would be less than last year.

The threshing has now gone far enough to indicate that the State has made an estimate of 90,000,000 bushels of wheat, or 12,000,000 bushels more than in 1905, and with one exception the largest crop that Kansas ever produced. Indeed, the final returns may raise the estimate above the crop of 1904, which, as reported by Secretary Cramer, was 84,000,000 bushels. The government estimate of the Kansas crop that year was 87,000,000 bushels.

In Self Defense.

Major Haman, editor and manager of the Louisville Courier-Journal, Ky., who has been twice attacked, four years ago, by Piles, brought a box of Buckle's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of Burns, Sprains, Cuts and Wounds. 25c at Severs Drug Co.

Louisiana Hunts Immigrants.

From the Milwaukee Sentinel.
"Louisiana is the first State of the Union, so far as I know, that has ever appropriated money to send a commission to Europe for the purpose of encouraging immigration to that State," said Francis Dodge of Baton Rouge, La. "This was done by the last State Legislature and much good is expected that the commission, a mission of agriculture and immigration, will make a tour of Europe and will show the advantages that Louisiana offers to the foreigners who desire to make a home in the new world. He will visit Ireland, Germany, Italy and Austria. Other Southern and Western States are expected to follow in the lead of Louisiana, and in a short time, perhaps, States will be offering special prizes to the foreigners who settle within their boundaries."

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation is a mystery that Dr. King's New Life Pills solved for me," writes John R. Bledsoe, of Magsburg, Ind. "The only pills that I have found to give perfect satisfaction to everybody or money refunded. Only 35c at Severs Drug Co."

"BEAUTIFUL MANIAC"

May Have Fled From Ghosts of Murdered Victims Jean Andoley, The Woman With the Dogs, Was Not Always a Pauper.

Wrapped in a shroud of mystery that so far has baffled every effort at solution in the strange, weird woman who recently roamed over this and adjoining counties, leaving consternation and wonder behind her, the Elizabethtown News.

After having hidden a secret pony for weeks over the wildest portions of Kentucky and Indiana, this mysterious woman, who gives her name as Jean Andoley, is now an inmate of the Harrison county, Ind., poorhouse.

During her time on horseback she carried an army cartage along over the bow of her saddle and about her waist she had strapped two revolvers. She carried with her a full camping outfit, including coffee pot and frying pan. Her only companions were half a score of mongrel dogs of all sizes and breeds. To Andrew Stonelpher, keeper of the almshouse, she volunteered the information that her home is in Cumberland Mountains and that she had killed three men. She is about thirty years old, of medium height and dark complexion.

Several months ago a woman answering the description of Jean Andoley attracted the attention of people living in the mountains—district of Eastern Kentucky. At that time she was described as being beautiful and was known in her earlier wanderings as the "Beautiful Maniac."

She rode a spirited pony at breakneck speed, taking the high jump with an air of nonchance. She was followed by a score of dogs and was never without her revolvers.

As a rule she wore her hair unconfined, and as she dashed through the rural districts, past farm houses and through small villages she attracted much attention. Stories of the strange wild woman, her pack of dogs and pony rained the newspapers but so impossible did they appear that many editors cast them into the waste basket. Since then she has ridden from place to place until finally she became captured.

The mysterious woman made her first appearance in Indiana a few weeks ago. She was seen at Manport, Harrison county, having crossed the Ohio river from Brandenburg, Ky. She was one of her kind riding through the woods. It was said that she stopped at a farm house, and then only long enough to secure food for herself and pony. She prepared most of her meals over a camp fire, and seemed to sleep on the ground. At night she pitched her tent in some lonely spot, and on one occasion she was arrested for vagrancy. She was presented in court, paid her fine and again resumed her wild mode of living.

On one occasion she was arrested on several occasions during her wanderings in Kentucky attempts were made to approach her camp fire at night. Always on the alert, at the first sound of a footfall she would spring to her feet, seize her rifle and demand that the person approaching halt. No one dared disobey the order, but seemed to indicate a determination to defend herself at any cost. Attempts were made to surprise her while she was asleep in camp, but in every instance she was awakened by the barking of her dogs. The superstitious fear caused by the woman had as much to do with her success in baffling the curious and keeping them at a distance, it is believed, as did the ugly looking weapons she always carried.

Jean Andoley was not always a pauper. When she started on her journey she was well provided with money, and as long as it lasted she paid her bills. She made frequent visits to village stores where she purchased food for herself and dogs, and food for her broncho. Where she secured her money is as much a mystery as that which is attached to her identity. All sorts of wild conjectures are indulged concerning the woman. If the story to the effect that she has killed three men is true, the probability is that she has become so stung by remorse that she abandoned her home in the mountains, mounted her pony, and sought to drown misery in endless roaming.

Was in Poor Health For Years.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. —S. D. by A. R. Fisher.

NEWS IN MEADE COUNTY.

Local Option Election—Stock Law Vote—Childs-Shacklett Wedding.

(Meade Messenger.)

The petition calling a local option election in Meade county under the Utah Bill were filed Monday with Judge Baskett, it being a regular term of the County Court. 729 names were on the petitions and this alone secures a victory on October 6, the day set by the Court to hold the election.

Every man who has taken the pains to investigate into the situation in this county as it is today, knows that an overwhelming majority of the voters stand for local option. But notwithstanding this, the fight must go on, and the victory made more decisive. There must be no lagging—legislature must not be allowed to creep into the ranks, for the opposition stands ready to strike if we are caught asleep.

A temperance society will be organized in every precinct in the county and every friend of the temperance cause should make up his mind to attend the next meeting and see that your neighbors are there also.

A society was organized at Salem Thursday and a meeting will be held at Ekron Thursday afternoon when a society will be organized at that place. Other places will be organized as fast as the committee can get to them.

In the next few weeks we will give testimonials from the business men of Harrodsburg, Campbellsville, Hodgenville and other towns where they have had local option less than two years and you will be surprised to find the result has been. Business has increased, morals are a thousand times better, property values have increased and bankers, merchants, lawyers, doctors, officials testify to the good results following local option.

Mrs. Jess Board was called to Harrodsburg Monday on account of attendance at her son's (Gus Board, family) All of his children, six in number, are down with typhoid fever.

The wheat wagon continue to come to town. These are pretty slight, as the merchant, the professional man, the mechanic, the day labor, each expect their share of the proceeds and they are sure to get it.

A petition has been filed in the County Court requesting Judge Baskett to cause a poll to be opened at the regular election on November 6, 1906 to take the sense of the legal voters of Meade county as to whether or not local option or any special law shall be permitted to run at large. There are fifty-nine signatures to the petition and they are all residents of the lower end of the county. It is said that the "lower end" is almost solid in favor of the law, and it was understood that the proposition is very popular in the "upper end." A vote was taken several years ago and it was only defeated by a small majority. It is claimed by those favoring the law that if there had not been a mistake in the ballot it would have carried them.

Stewart Owings, of West Point, was in town Monday. His many friends here are glad to know that he has recovered from the accident he sustained by being jerked under a train at West Point several months ago. The bill had effect from the day a stiff arm.

Mr. and Mrs. D. S. Richardson, Mr. and Mrs. Fred Howard, Mr. and Mrs. E. L. Fontaine, Mrs. D. W. Lewis, Mrs. J. R. Dink, Mrs. Ed Yeaker, Fred Ditt, Henry Woodson, Jr., and J. H. Hammond will leave August 18 for a trip of several days to the Mammoth Cave.

On Monday afternoon, July 30, at 3 o'clock the marriage of Miss Anna L. Childs to Dr. James B. Shacklett was solemnized at the home of the bride's parents, Mr. and Mrs. D. S. Childs. At the appointed hour about two hundred guests had assembled, and the scene was indeed one of beauty. The home was tastefully decorated with ferns, plants and flowers, and from the ceiling of the parlor was suspended by white ribbons a large white ball which was covered with ferns and white hydrangeas. Mrs. Peet Shacklett sweetly rendered, "Call Me Thine Own," and the bridal party entered, preceded by Misses Mattie Shacklett and Allene Frymire, who carried the ribbons. The attendants were Miss Virginia Richardson, Mrs. Richard Childs, Miss Nell Shacklett and Gus Albert Richardson, Miss Nellie Childs and John Rod Shacklett. Rev. Ben Shacklett, a cousin of the groom, officiated.

The proposition to issue bonds to not exceeding \$6,000 to build a new school house at West Point and equip a modern playground, was voted down Saturday by a vote of 87 to 31. Considerable interest had been taken for and against the proposition and each side had some enthusiastic supporters.

RULES FOR USE OF COLORS IN DRESSING.

Women Now Take More Interest
In Colors They Wear Than
Ever Before.

Never have women taken such an interest in the colors which they should wear as this season says the New York Sun. A woman studies herself as she would the gown she is buying and if not entirely sure of the result goes to the color expert who is now an important feature of all the smart dressmaking and mill establishments.

Here are the rules of an expert: Green should never be worn except by a woman with a very clear skin, no freckles, and even then it should be set off by the addition of white red or rose.

To wear rose color against the skin is fatal for any but a girl in the first flush of youth, and dead white is equally damaging except under the same conditions.

Red is thought to be generally becoming, but worn against the skin it lessens the intensity of a brilliant coloring, and it should never be worn by a woman with sallow complexion.

While blue is supposed to be mainly in the province of the blondes, brunettes may wear it, if it is relieved with orange or yellow. In laundry work bluing used upon yellow tenders it whiter. The same rule holds good with complexion. Blue tends to whiten the skin of a sallow person.

There is nothing so pleasant as that bright, cheerful, at peace-with-the-world feeling when you sit down to your breakfast. There is nothing so conducive to good work and good results. The hearty man with a healthy mind and body is a better fellow, a better workman, a better citizen than the man or woman who is handicapped by some disability, however slight. A slight disorder of the stomach will disarrange your body, your thoughts and your disposition. Get away from the morbidness and the blues. Keep your stomach in tune and both your brain and body will respond. Little indications of overeating can be easily corrected and you will be surprised to see how much better man you are. Try a little Kool for Dyspepsia after your meals. Sold by all druggists.

Let Me Forget.

Now that the threatening season is at hand and traction engines are moving about over the country, it would be well for those who have them in charge to remember that the engine requires them to wear a hat at least 200 yards in advance of a traction engine on public roads to warn persons of their approach and render any assistance possible in handling frightened horses. A fine in the penalty for failure to comply with the law in this case.

G. B. Barham Testifies After Four Years. G. B. Barham, of Caville Court, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured by cure, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." Sold by A. R. Fisher.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent for a child to be born afflicted with weak kidneys. If the child urinates the flesh or if, when it is able to reach an age when it should be able to control the passage, it is yet afflicted with red-velvet, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and need not be a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, remember the name, Swamp-Root, Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y. is on every bottle.

POPULAR PRICES FOR HORSE SHOW.

Rates Range From 50 Cents to
\$50—Show Will be Held in New
Armory at Louisville.

The Executive Committee of the Horse Show Association held a meeting at the Armory Thursday says the Louisville Times and accepted the plans of the architect to put the Armory in practically the same shape for holding the horse show as the old Horse Show building, with a little more space. A false floor will be constructed on the drill hall and filled in with tanbark to make it springy.

Admission prices were also decided upon this morning. Box seats good for the season will be sold for \$50. Front seats of the balcony will be \$1 or \$3 for the season, second seats seventy-five cents or \$1 for the season, and all other seats, including standing room around the ring on the lower floor, will be fifty cents. This is the first year the Horse Show Association has ever decided upon popular prices.

BARBECUE NOTES.

The gross receipts were between \$2,300, and \$2,300.

The receipts on the contest for a trip to Niagara were \$375. The Hon. John P. Howell, Jr., was the originator of this contest and is very proud of its success.

The advertising committee was composed of the men, Paul Compton, Jesse Whitworth and the Hon. John P. Howell, Jr. To this committee and their free use of printers ink was the large advertisement. It fairly demonstrated the value of advertising. There was not a man woman or child in the three counties but what knew of this barbecue.

Carl Benton, conductor on the special, assisted by Sam Stites, handled over two thousand people on that day. There was not a bubble or an accident.

A good many people "bit" the dust but it was just what they expected. Sherman Ball says there were four acres of people and counting 4000 to the acre there were 16000.

It was the sobriest crowd that ever assembled to its size. Only one man that we saw or heard of who was under the influence of liquor.

Hardinburg gets there on a barbecue. There was a beautiful tribute Hon. Ben Johnson paid to Masonry.

If Hardinburg only had our grounds this week could be at beer on a barbecue.

When a woman suffers from depressing weakness, she then knows realizes how helpless—how thoroughly worthless she is. Dr. Shoop has brought relief to thousands of such women. He reaches diseases peculiar to women in two, direct, specific ways—a local treatment known by druggists everywhere as Dr. Shoop's Night Cure, and a constitutional or internal prescription called Dr. Shoop's Restorative. Dr. Shoop's Night Cure is applied locally, and at night it works while you sleep. It removes inflammation, it stops discharges, it heals, it soothes, it comforts, it cures.

Dr. Shoop's Restorative (tablet or liquid form) is a constitutional, nerve tonic, it builds up the system, gives strength, lasting ambition vigor to weak, lifeless women.

These two remedies, singly, or used together, have an irrefragable, positive helpful power. Try them a month and see. Sold by **Beverly Drug Co.**

SURVEYING NEW ROUTE

Via of Brandenburg—L. H. & St. L. is Hunting for Better Roadway East of Ekron.

The work of surveying a new route for the "Henderson" is still in progress, the surveyors now being at work just back of this place, and all indications point to the location of the road through or near Brandenburg says the Meade Messenger.

It is understood that there is every likelihood that the desired grade can be secured which will bring the road to our door, and at the same time enable the road to cut down some of its present heavy grades, and as this is just what the officials of the road are anxious to accomplish, it is not at all surprising that the route now being located will be adopted as the most feasible one.

At a special meeting of Brandenburg's Commercial Club Monday night, it was agreed to lend all the encouragement possible towards the accomplishment of this enterprise, the securing of which would mean so much to our town's growth and future prosperity, and as matters now stand, our chances are glowing for being located on a truck line of one of the state's leading railroads.

LOUISVILLE GIRL MARRIES AN ITALIAN TITLE.

The wedding of Miss Virginia Hoge and the Marchese Emilio San Germano, of Rome, Italy, took place last evening at the Warren Memorial Presbyterian church. The Rev. Peyton H. Hoge, father of the bride, performed the ceremony.

The church was tastefully decorated in greens and plants of all kinds, forming harmoniously the color scheme of pink and white. Just before the ceremony, from 8 to 8:30 o'clock, Carl Shackleton, who presided at the organ, and Mathias Oliver, who directed a stringed orchestra, played a beautiful musical program.

Miss Mary Hoge, sister of the bride, was maid of honor, and the following girls were bridesmaids: Misses Gertrude Belknap, Lucinda Tribes, Eva Lee Smith, Ethel Newman and Margaret Rhodes, of Danville. The Marchese was attended by Harry Strider, who was best man, and the following groomsmen: Messrs William Hoge, Helm Strider, John Grant, Jack Terry and Dr. Charles Garst.

The bride, who wore a beautiful gown of white Duchesse satin, trilled in Dutch lace, entered the church on the arm of her cousin, Randolph Bain.

After the ceremony there was a reception at the home of the bride's parents, and later the bridal couple left on their honeymoon trip.

They will make their home in Italy.—Louisville Herald, Thursday.

\$17,500 for State Encampment.
Frankfort, Ky., Aug. 9.—Assistant Adjutant General Parry, who is to act as Paymaster at the Henderson camp of the State Guard, to-day received information from the War Department that it has placed \$17,500 to his credit in the Union National Bank, of Louisville, to pay the officers and troops for the time of the encampment. Adjutant General Lawrence will leave here Sunday and accompany the Louisville regiment to the Henderson camp.

strength of the Open Sky.
"What great deed was ever done indoors?" writes Emerson Hough in the Reader. "What great thing of the earth in art, in science, in romance, was ever conceived and brought forth within walls? Nations grow there, and small, sagely and listless and pessimism, but not great tragedy, nor the vast and useful pessimism which uplifts human nature and humanity."

"The joyous, hopeful, optimistic things, the large and cheerful motives, are found beneath the sky. The Indians say that the babe born in the wind will be clever, and that might well be so. What strong blood ever grew indoors? What great drama of the ages was ever played there? What deed of the state ever equalled the late under the trees?"

"Science may delve, hump-very, but what great things, even of science, came wholly from within walls? Electricity, navigation by the stars—the things which have really conquered the world—did these appear to men as he studied at some table side? No. The great and sweet things of knowledge came from the naked stars. Gully and troubles within may have housing, environment, and so make a confession that it is evil, but before gully, Eden knowledge was out of doors."

The Guillotine.
The machine employed in French public executions has the reputation of being the invention of Dr. Guillotin, but the machine was used long before the doctor had seen one. All he did was to publicly encourage a preference for this means of death as being painless, and in consequence some one, unhappily for the doctor's humanity, named the machine after him. The guillotine was really prepared by a German mechanic named Schmidt under the direction of Dr. Antoine Louis and hence at first was called a "Louis" or "Louisette."

And here it may not be out of place to mention the curious error that Guillotin was first victim. He nearly became a victim of the revolution, but he escaped, and after the ending of his political career he resumed his duties as a physician and became one of the founders of the Academy of Medicine in Paris. He died May 25, 1843, aged seventy-six, but the French revolution had twenty years earlier. The first man executed by the guillotine was a highwayman, who died in 1792.

The Writs.
In spite of the fact that doctors always take the pulse of a patient from the wrist few persons know what importance is attached to the wrist by the doctors. It is not only the pulse but the veins and arteries of the wrist are examined by the doctor. When one has a fainter wrist he should be applied to a wrist or wrist to the face and temples. In cases of severe illness doctors frequently order the wrists to be bathed with milk and with beer. Advertisers learn that the wrists must be kept cool in summer and warm in winter. You will know the relief experienced from removing a tight glove, especially when you are overheat. The relief comes not from the hands being uncovered, but from the wrists being uncovered and kept cool.

Incomes in Great Britain.
If one is earning an income of £1,000 a year he is better off than a "millionaire" in the United Kingdom—in fact, there are not 9,000 according to the income tax records, who are earning more than £1,000 a year. All the persons in Great Britain and Ireland who have an income of £10,000 a year and over could stand comfortably in a fairly large drawing room twenty-one feet square, while all who have incomes of £1,000 or over could be accommodated in a back garden thirty yards wide and sixty yards in length.—London Standard.

Honors Easy.
"This silver waiter" began the cashier of the restaurant as he scrutinized the coin—
"Is that, eh?" interrupted the stout local tourist.
"Well, it doesn't look very good."

"That so? Just like it, and it's everything like the dinner I had last night when I was here than it looks."—Philadelphia Press.

A Small Boy's Tears.
"What are you crying for, my poor little boy?"
"Boo-hoo! Pa fell downstairs."

"Don't take it so, my pet. He'll get better soon."

"Sister saw him fall all the way. I never saw him! Boo-hoo!"—Sporting Times.

A Matter of Taste.
"Can any little boy," asked the new teacher, "see the difference between a lake and an ocean?"
"I can," replied Edward, whose experience had been learned from wisdom.
"Lake are much easier to swallow when you fall in."

Deceit.
"George," murmured the young wife, "am I as dear to you as I was before we married?"
"Yes," he answered, "I didn't get the hand absolutely blind. I didn't get any account of my expenses then."

We must be sure to give due weight to the good side of every event that has two sides.—Ellet.

A Joyous Sight.
The master plumber had become rich and was going abroad for his health. He was a victim of a scheme which was slighted, and the plumber was to rub his hands in ecstasies.

"Why is he so happy?" asked a curious passenger.
"He can't help it," whispered the captain. "He imagines each spot is a burst water pipe to be repaired by him at his old rates."—London Telegraph.

SOUTHWEST

The Land of BIG CROPS
and PROSPERITY.

Are you making as much off your farm as you ought? No doubt you are making all you can. The trouble is the land costs too much. It takes too much money to buy a big farm, and so you are trying a living on a small farm, or perhaps you are renting one and paying a good share of what you raise. In rent. Wouldn't it be better to go where the price of good land is so little that you can own a big farm—where every acre of the ground is working for you and all you have to do is paying you good profits?

There are thousands of acres of fertile land in the Southwest at the low price of the Cotton Belt Route that can be bought for from \$10 to \$100 an acre. This land is increasing in value each year.

See the Southwest at Small Cost
A trip to the Southwest would cost you just what you need, interest in it with little more. The trip can be made at very little expense. On the first and third Tuesdays of each month we have a special rate on the Cotton Belt Route at very low rates. Stop-overs will be allowed for you in visiting any healthy spot interested in.

Write at once for free copies of books describing this wonderful country and for full information about cost of tickets, etc.

WEDNESDAY AUGUST 15, 1906

For Congress.

HON. BEN JOHNSON

Somebody says the peck-a-hoo walt is more hove than righteous.

Kentucky waltz, with baited breath and the knowledge that it would be an impossibility, for an answer to the charges made directly and from the record of Attorney General Hays against the State administration—Owensboro Messenger.

Ben Johnson has been doing bleeds for the last week. He was shaking hands with all the dear people, smiling on all the babies and having the time of his life. There is no better fellow with a bigger or kinder heart who ever asked the suffrage of the people than Ben Johnson.

Down at Fordville they have concrete sidewalks, and a fellow feels like he was stepping along on Fourth street in Louisville. This is a splendid improvement over the old plank and muddy way, and we congratulate the citizens of that town on their up-to-date improvement.

We planted one little piece of a potato, one fourth of a whole one to the hill. We are now digging from five to six large, smooth potatoes from each hill. This is what we call getting results. We get a lot of pleasure out of seeing them grow and helping them with our hoe.

"Old man Bob Robertson," that's what the younger set calls him, but they are mistaken, he's younger now and has more get-up in him than he ever had, was down in Ohio county last week and bought 15 head of fine mules. He says the crops in Breckenridge, Grayson and Ohio are the best he ever saw.

Kingswood is booming. Brother Hughes is spending lots of money and lots of good energy in building up that place. Streets are being opened in the town site where several lots have been sold and houses are being built. There are between 50, and 100 men at work getting things in shape for the school which opens August 31.

Ed. Fenn is doing some excellent work on the public roads. Mr. Fenn has had several years experience as section foreman on the railroad, and he knows how to handle dirt and how to grade and ditch a road. Fitty hat what all the men in charge of the public road work in this county had had the experience of Mr. Fenn. So far as we have seen and heard, the road working is very much better this year than it has been in previous years. We are glad to see this. There is nothing that this county needs so much as good roads, and good honest work brings them.

The Fifth Annual Masons' Banquet will be held at Cloverport in Skillman's grove on Thursday, August 23. It is generally conceded by everyone that has ever attended one of these celebrations that they are the most enjoyable and delightful of all the county picnics throughout the picnic season. The natural beauty of the place where the gathering is to be had is not surpassed by that of any picnic site in the county except Tar Springs. The accommodations are better and the absence of dust is one good feature not to be found every place. The green grass and the big shade trees, the babbling brook all tend to make the place at once cool and pleasant.

Cloverport Masons and Cloverport people in general put forth every effort possible to make their guests enjoy the day. The celebration tonight held under the auspices of the Masonic lodge is not only looked after by the Masons but by all Cloverporters who seem to consider it their duty to make the barbecue a success. The result of this union of work and spirit is that the Masonic barbecue at Cloverport is looked forward to each year by all as a day of real enjoyment and pleasure.

Let everybody in these parts lay aside the cares of life and come and be with us. You will be welcome.

PEACE MAKER GETS SHOT THROUGH CHEST.

John Hemphill, a white man, and Arthur Haynes, a negro, became engaged in a difficulty Saturday night about 10 o'clock, which resulted in Sam Dean, a negro, being shot with a pistol through the right side of his chest. Dean was trying to separate the two and as he stepped between them Haynes fired the shot. Dean will live. The trouble occurred in front of M. F. Poplin's saloon. The trial has not been set yet on account of Dean's inability to be present.

Mrs. Romney Renfrow, of Dundee, was visiting relatives here this week. She was accompanied by Mrs. Dr. Duff, of Sulphur Wells. They return home today.

J. H. Basham repairs watches, clocks, jewelry and sewing machines. His place of business is with Thos. Adkinson at Irvington. Call and see him.

Mr. and Mrs. J. H. Arnold and children, of Louisville, have been visiting Mrs. Arnold's father, Mr. John Mattingly, of near Webster.

Mrs. John Weisenberg and children are at Tar Springs.

Mrs. Bettie H. McCall and daughter, Miss Bettie Lee of Irvington, were the guests of Mr. and Mrs. J. E. Keith Monday. Mrs. McCall purchased of Mr. Keith a handsome Barrie granite family monument.

GOOD WORD FOR ROCKEFELLER.

He Has Not Been Even Half Paid For His Work, Edison Declares.

"In my judgement," says Thomas A. Edison in an interview published in Pearson's Magazine, "such men as John D. Rockefeller and Andrew Carnegie have actually done more for the country, for the masses, than any other men, with the possible exception of the inventors."

"Of course, I do not approve of the advantage secured by Mr. Rockefeller through secret railroad rebates. Yet that was not his fault so much as the fault of our laws or our administration of the laws."

"They were all in the same game. He simply played it better and on a larger scale. Human nature is not perfect, and so long as we leave such opportunities to business men we must expect them to take advantages where they can."

"As I look at it, Mr. Rockefeller has never been able to draw his wages for what he has done for the world. He hasn't been even half paid for his work. What has he got out of it? A lot of tin boxes full of bonds that are of no use to him or anybody else."

"If the Standard Oil Company were to be divided up into a hundred different proprietorships and managements, today refined oil would be selling for 25 per cent. more within ten years. I have bought lubricating oil for \$21 a ton and with all my knowledge of the technique, I cannot see how it can be made at that price."

"I believe that if all the manufacturing businesses that have been merged into great central systems should be forced back into their original units of organization, the products of industry would cost 20 per cent. more actually to make than we can buy them for now."

"Take two large manufacturing works competing with each other. One is managed by a logical thinker, the other by a man who is not. Now, if competition is close the thinker improves his methods, while the other man simply cuts down wages or goes out of business."

"The man who believes that the growth of great private fortunes and the concentration of corporate systems make against the real progress of the country and the betterment of general conditions of life doesn't know on which side his bread is buttered."

\$5,000 For A Foot.

Elizabethtown, Ky., Aug. 9.—Joseph House, an L. and N. fireman of Lebanon Junction, formerly of Tunnel Hill, this county, who lost a foot in a wreck some time ago at the former place has comprised with the railroad company for \$5,000.

Mr. and Mrs. Frank Bartles of Bartles, are the guests of his parents.

KINGSWOOD

MEETING.

It gives me pleasure to announce to the many friends interested in Kingswood escampment, that we will hold our annual meeting from the 21 to 31 of this month. Rev. A. A. Niles, the well known Baptist evangelist, of Henderson, Ky., and J. M. Pike, editor of the Way of Faith, of Columbia, S. C. will lead the host in gospel message. Luther R. Robinson of Somerset, Ky., one of the most charming and helpful singing evangelists in the field will have charge of the music with the aid of other good musicians. Every body is cordially invited to this escampment. It is so money making scheme. The organizers of it expect to hold the meetings annually and to put money in it every year and to make nothing out of it but the glory of God and the salvation of men. Each person will be expected to pay 25 cents for admission on Sunday to help pay for the ministerial aid, all other days of week free. I trust the friends of the escampment will gladly meet this requirement and help me from year to year to push forward the gospel of full salvation. We are hoping and praying for a gracious meeting. There will be a dining room on the grounds for those from a distance. Single meal twenty five cents, board \$3.50 per week. Room and board free for all ministers. Tests that will accommodate four persons will rent for \$4.50 and those that will accommodate six will rent for \$5.00. Pray much and come expecting the blessings of God.

J. W. Hughes.

FREE SCHOLARSHIPS

IN NURSE TRAINING.

The Philadelphia School for Nurses has purchased large properties at 2319-25 Chestnut Street, Philadelphia, and will extend the benefits of the Free Course in Nursing to young women of every race and community of the smaller towns and cities throughout the entire country.

The course is two years but may be shortened to eighteen months by six months reading and study at home. The school provides room, board, nurse uniforms, gives full instruction, and pays the student's fare home at the end of the course.

A special short course is provided for those who cannot spend two years in the study but who wish to quickly prepare themselves for self-support.

The object of these works are to provide the funds for this work is to ultimately extend the benefits of skilled nursing to every village and township in the land.

Nearly 300 Free Scholarships will be available this year.

Postmaster Holloway has gone to Hopkinsville where he has a position with the Home Telephone Co. Postmaster has been in the employ of the Cumberland Telephone Co. in this city for several years and was a valuable man. CROSSES RIVER OF LIFE.

Robert E. Moorman Dies Monday Morning of Complication of Diseases—Sick For Three Months.

Robert E. Moorman died at his home in this city Monday morning at 2 o'clock of a complication of diseases. He has been ill for three months and death was a relief to him.

The funeral was held from the M. E. church Tuesday morning. Rev. Currie officiating. The interment took place in the city cemetery.

Many friends attended the service. The majority of the employees of the L. H. & St. L. Ry at the shops, where Mr. Moorman was Store Accountant, attended the funeral service.

Mr. Moorman was forty-eight years of age and a member of one of the best known families in the town and county. He was a man of many friends and this was evidenced by the attention shown him during his long illness. He has for several years been Store Accountant at the L. H. & St. L. shops. Local officials held him in high esteem and showed him every courtesy after he became unable to work.

Mr. Moorman is survived by his wife and daughter, Miss Margaret. He is a brother of Mrs. Hatcote, of Zion, Ky., and U. W. Moorman, of this place. He was a member of the Methodist church for many years.

Only a Mask.
Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfect digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

SHREWSBERRY--BURDEN
